The United States District and Bankruptcy Court in Idaho would like to receive your opinion about the services offered by our Court. The enclosed questionnaire measures our performance in several areas, including: access to justice; expedition and timeliness; equality, fairness, and integrity; independence and accountability; and public trust and confidence.

The Federal Court is taking an active approach in meeting these performance standards, which were first tested by the National Center for State Courts and the Bureau of Justice. The Court developed the enclosed survey to assess the extent to which we are serving the public and the Bar. Your participation in this evaluation process is vital. We would appreciate your response to the survey by **June 20, 2001**. Your responses will take only a few minutes and will be kept confidential.

Please encourage other attorneys in your firm or office to complete this survey as well.

The results of this survey will be used to improve services to the bar and public. Thanks in advance for your assistance in this matter.
